SWISS MOUNTAIN BITTERS

This valuable Bitters is prepared in great part from the herbs gathered from the Swiss Aips and Tyrol Mountains in Germany, and is a Standard

Bitters in Russia, Germany, and Switzerland for the cure of CONSUMPTION, COLDS,

DYSPEPSIA, LIVER, KIDNEY, AND LUNG COMPLAINTS, AND

PAIN IN THE STOMACH. It regulates and opens the bowels, creates appe-

tite, prevents fever and many other diseases. It was highly recommended by DB. ALANZONO in the Russian War of 1812. It was used as a GENER-AL or CERTAIN remedy for the diseases named, with great success and wonderful cures. A remarkab e feature of it is, a glassful poured upon the head and well rubbed in will cure the most painful headache.

REBEL BATTERY AT THE MOUTH OF THE MATTAPONY. Steamer Fired Into. FORTRESS MONROE, May 25-5 p. m .- The

steamer Swan was fired into yesterday after. noon by a rebel battery opposite the mouth of the Mattapony river, three miles below West Point. Only one shot took effect. The gunboat S. G. Morse was sent up and drove the battery from its position.

FROM EUROPE.

PORT AU BASQUE, (north of the St. Laurence) May 25.—The steamer Hibernia, from Liverpool on the 14th, for Quebec, was intercepted off this point to-day. It was reported that the merchants and shipowners of London intended to memorialize the British government to put an end at once to the

oretensions of the Federal government in seizing neutral ships bound to neutral ports.

The London Times says that merchants and ship-owners appear to regard the order of the Federal government to discharge the cargo of the Peterhoff as merely a pretense to gain time

and delay.

The London Shipping Gazette sees nothing in the evidence of the witnesses in the Peterhoff case to have ustified the seizure of that vessel, unless it was the alleged thowing overboard of

a box or parcel of papers. The London journals generally regard the latest American advices as unfavorable for an early peace. The advices had the effect of sending the Confederate loan to a slight dis-

It was rumored that the rebels had sent another commission to Europe to press mediation in France and England. The London Observer looks on the mission of Mr. Swarts to London as an earnest of the good

feeling which animates the Washington gov-The Times' city article argues that the protraction of the war or even the subjugation of the South will involve the Federal finances in ruin. It says these facts are being recognized and render the possibility of a Federal loan out of the question.

The Polish question is unchanged. France and Russia are negotiating upon a scheme for a European Congress.

Later From Europe. HALIFAX, May 25 .- The Asia arrived at \$,30 this evening. The American news by the Persia was eager-

ly perused to-day, (16th,) as generally regarded as indecisive. It had no effect in London, but the effect in Liverpool was a depression in cotton and strengthening of the breadstuffs amaica letters received in England by the

West India mail reports that on the 7th of April a sea fight took place at Pedro Bluff, between a large war steamer strikingly like the Alabama and three other vessels. Heavy firing was heard at 9 a. m., and the vessels distinctly seen from shore pouring broadsides into each other. The firing lasted until 2 p. m. No particulars are known. It was reported that Captain Bullock was to

leave Liverpool on the 16th, for the Clyde, to take command of another rebel pirate cruiser ready for departure from that river. The Army and Navy Gazette says that the Federal efforts recently made in London to raise a loan have not been successful.

Recruiting in New York for Gov. Johnson's Corps. New York, May 25 .- Governor Johnson, of

Tennessee, has obtained authority from the War Department, officially approved by Governor Seymour, to recruit a regiment of cavalry in this State for service in East Tennessee, also, permission to recruit in any other State where the Executive sanction can be obtained. Major Bennett, of the Third Pennsylvania cavalry, is to command the regiment.

NEW YORK, May 25 .- The United States ships Vanderbilt, Wachusetts, Alabama, Oneida, Chippewa, Sheppard Knapp, and Gems-bok were at St. Thomas, May 15th. A number of vessels are discharging coal for the United States Government.

Blowing up of a Steamboat. CHICAGO, May 25 .- The tug John A. Crawford blew up last night, outside the harbor, and sunk immediately. The captain, engineer, and fireman were lost. The boat is valued at twelve thousand dollars.

LOCAL NEWS.

COUNCIL PROCEEDINGS, May 25 .- Board of Aldermen .- A communication was received from the Mayor announcing his approval of a large number of acts, among them the following of a general interest :- An act to improve L street south, between Seventh street east and Virginia avenue; authorizing the construction of a sewer on D street north, from Sixth to Seventh streets east; acts to grade and pave the alleys in Squares No. 184, 624, 460 and 535; providing for plans to construct the Center Market-house; authorizing the construction of a sewer on E street north, from Sixth to Seventh streets west; to trim and grade K street north, from the Circle to the bridge over Rock Creek; to grade and gravel K street south, be-tween Eighth and Eleventh streets east; to grade and gravel Fourth street east, from L street south to Georgia avenue; to curb and gutter Sixth street west, from B street north to the canal; to grade and gravel Eleventh street west, from Maryland avenue to Virginia avenue; to grade and gravel F street south, between Four-and-a-half and Sixth streets west: to lay a flag footway across E street south and Eighth street east; to lay a water main in Ninth street west, from Louisiana avenue to the canal; and to grade L street north, between Fourteenth and Fifteenth streets west. Also, the following communication relative

to the death of Ex-Mayor Thomas Carberry: MAYOR'S OFFICE, May 25, 1863. Gentlemen of the Board of Aldermen and Board of Common Council: It is my melancholy duty to inform you of the demise of Ex-Mayor Thomas Carberry, which occurred in the seventy-fourth year of his age, at his late residence in this city, on Saturday, the 23d instant, and suggest such public tribute to his memory as may be proper for his long, able and faithful services to his country in the war of 1812, as captain in the regular army, and to this city as a member of its Councils, and Chief Magistrate from 1822 to 1824.

Though none had the good fortune to be associated with him in his administration of our city affairs, yet many of us had the pleasure of an intimate personal intercourse, and all the opportunity of forming an estimate of his character, public and private; and I am confident no one will more deeply deplore the loss our community has sustained than yourselves. I shall be ready to unite with you in any sentiments of respect appropriate to the occa-

sion. Very respectfully, RICHARD WALLACH, Mayor. Mr. Pepper then introduced resolutions of respect and condolence, which were unanimonsly adopted.

The report of the Chief Engineer of the Fire Department for the past month was received. The Columbia, Union, Anacostia, and Metropolitan are reported in good working order. The Franklin and Perseverance need new suctions. The Western Hose is again in service. The truck of the American Hook and Ladder Company is still at the shop. Eight alarms and five actual fires are reported as having occurred the past month.

The Mayor returned, with his objections, the bill requiring the City Treasurer to render quarterly accounts of the condition of the Corporation finances; and the communication was referred to the committee on finance.

The following were read and appropriately referred: A communication from sundry citizens of the Second Ward, complaining that the scavengers deposit night soil in the neighbor-hood of Fourteenth and Fifteenth and R and S streets, and leave it there uncovered, thus creating a nuisance; petition of R. W. Carter; of E. E. White and others, asking that water mains be laid in Louisiana avenue, from Seventh to Sixth streets; an act relative to paved carriageways; for the relief of Robert Gayer; to grade and gravel N street north from Sixth to Tenth streets west; for the relief of T. C. Magruder; and an act to pave the carriageway on Sixth street west, from Pennsylvania avenue to L street north.

Mr. Clephane introduced a resolution requesting the Mayor to withhold a license from Mr. James T. Nixon, who purposes erecting a pavilion for circus entertainment on a private lot at the corner of New York avenue and Mr. Lloyd moved its reference to the committee on police.

THE WEEKLY STAR. This excellent Family and News Journal,

containing a greater variety of interesting reading than can be found in any other, is published on Friday morning. TERMs-Cash, invariably in advance.

It invariably contains the "Washington News" that has made The Daily Evening Star

circulate so generally throughout the country. Single copies (in wrappers) can be procured at the counter, immediately after the ssue of the paper. Price-THREE CENTS.

Mr. Clephane hoped that disposition would not be made of it. Before the next meeting Mr. Nixen would obtain his license, and thus thwart the end for which the resolution was introduced.

Mr. Pepper desired to know the object of introducing the resolution.

Mr. Clephane stated that it had been introduced at the request of citizens of the Second ward. There were in the locality where it was proposed to erect this pavilion two churches and three schools—one of them a female insti-

tution, and it was the desire of the people that the circus should not be established there. Mr. Lloyd did not think this a proper subject for legislation. The matter should be left to the discretion of the Mayor, and there was no doutt but that the wishes of the residents of

that section would be respected. The resolution was referred. The following were laid on the table:-An act to curb and pave O street north to Rhode Island avenue: an act to provide for the better security of person and property by a more general lighting of the streets and avenues; also, about fifty bills, which had been referred to the committee on improvements for their action.

were laid on the table. The following passed the board :- A resolution making an appropriation out of the contingent fund: an act for the relief of Charles P. Webster; for the relief of Isaac Reed; of Johnson Hellen; to lay a flag footway across I street south, on the east side of New Jersey avenue; to flag and relay the footway in certain streets; to improve the alley in square No. 677; to provide for the erection of fire plugs; for the relief of F. T. Sands; of Geo. W. Harry; a resolution requesting the Surveyor to furnish an estimate of the cost of graveling B street north, from Seventh to Ninth street west, and for building four sewers from the gutters to the west side and also to furnish an estimate for grading Thirteenth street west, from O street to Rhode Island avenue; are solution requesting the Surveyor to turnish an estimate of the expense of opening G street north, from Ninth to Tenth street west; a joint resolution to abate nuisances; an act amendatory of an act to erect station-houses; a concurrent resolution fixing the adjournment until Friday evening next; an act for the relief of Chas. Walter; for the relief of John Alexander and Francis Lamb; and a resolution requesting the Mayor to pay Thomas Faley for services rendered the Board of Al-

dermen as messenger. Adjourned. Common Council .- A communication was received from the Mayor, announcing his approval of an act to grade and gravel D street from Fire to Third; for the relief of Leonard Grover; relief of Patrick Boland and wife; authorizing the curbstone to be set and the footway paved on the east front of square No. 787; to build a sewer in Ninth and L streets, and for other purposes; for grading and graveling I street north, from Tenth to Eleventh streets west; for increased compensation to Wm. Mortax-clerk; for deficiency in grading and graveling Eighth street east; to revive an act for trimming and graveling I street north, between Seventh and Tenth streets west; requiring the commissioners of election o take the oath of allegiance; to amend the act approved

Oct. 7th, 1862. Also, one enclosing a protest from Z. Richards, Dr. T.S. Verdi and other citizens residing in the neighborhood of New York avenue and Fourteenth street, against the equestrian exhibitions proposed to be given in that locality. Referred.

The Chair presented a report from the committee on station houses, which states that they had selected sites for three houses in the places most needed, and had advertised for proposals for one house, which would be the smallest one to be built, and found that the sum proposed \$6,500 was not sufficient, the bid being \$7,000, and therefore asked that the committee te not limited, and introduced a bill ter the purpose, which was passed.

The following were passed:-Joint resolu-

tion requesting the Commissioner of Public

Buildings to have the dead horses removed from President's Park, No. 1; resolution pro-viding for a meeting of the boards on Friday evening, to terminate their business; bill for the relief of John Alexander and Francis Lamb; resolutions of condolence and respect to our late Mayor, Thomas Carberry. The resolutions tender the condolence of the corporation to the family of the deceased, and declares that the Mayor and Boards of Aldermen and Councilmen will attend the funeral in a body, and request the people to unite with them in these melancholy ceremonies.] Granting Robert Gear permission to erect a frame building: to grade and gravel N street, from Sixth to Tenth street; joint resolution to abate a nuisance in the neighborhood of Fourteenth and R streets. [This resolution was accompanied by a petition from over one hundred citizens, stating that the scavengers had been in the habit of emptying the night soil in that locality, to the great annoyance and detriment to the health of all who reside near or travel the Fourteenth street road. Bill to open Water street, from South Capitol to W street; for the relief of C. Walter: for the relief of S. Bogart; in relation to paved carriage-ways; for relief of John H. Richardson and Jos. M. Corson; to pave Sixth street, from Pennsylvania avenue to L street. [The bill provides that two-thirds of the cost, exclusive of the cost of paving the intersections, be paid out of the funds of the Fourth Ward, and the cost of the balance be assessed to the property-holders.] For the relief of T. C. Magruder: joint resolutions (B. A.) in respect to the memory of ex-Mayor Thomas Carbery; bill for the relief of Elisha Falconer; authorizing the repairing and improving of flag footways; for relief of John B. Clagett; for relief of Lloyd Thorn, L. W. Dorsey, Rezin Offutt and others; for the purchase of a hose carriage for the Union Fire Company; for repair of alley in square 403; to pave alley in

square 584; to pave Fifth street east at its intersection with G street south. The following were reported adversely upon: Petitions of L. Lurch and Joseph Nathan; and bill to increase the gas light fund. Mr. Mitchell gave notice that he would at the

next meeting move to reconsider the vote by which the bill for opening Water street, was passed. The amendments by the Board of Aldermen to the bill relating to fines for carrying concealed weapons: to bill authorizing the sale of lot 3 in square 490, on C street, near Four-anda-half, providing that the terms of sale be one half cash and notes for balance; to bill to im-

prove H street north, from Seventh to Tenth west, were concurred in. Adjourned to Friday evening.

A Newspaper Correspondent's Experience in Vicksburg. Mr. Colburn, of the New York World, who was captured whilst running the Vicksburg batteries, and carried to that city, gives the following account of the situation in that stronghold at the time he left there. He was confined at Vicksburg until the 7th, and whilst in that city had several opportunities to learn both the strength of the work and the number of men te defend them. From the top of the court-house, a commanding position overlooking the country for miles around. Mr. Colburn could not discover any elaborate earthworks of the enemy, except those fronting the river. They never dreamed of being attacked so suddenly in the rear. At Baker's creek, where the principal battle of Grant was fought, the for-

tifications were common earthworks of not

much strength and not presenting a formid-able appearance. But of course since they were considerably strengthened. In Vicksburg there were two corps, comman-ded respectively by Gen. Forney, of Alabama, and Gen. Loring, who formerly commanded on the Yazoo river, the whole under command of Gen. Pemberton. Gen. Forney had charge of the Vicksburg and Haines's Bluff fortifications, and his corps numbered about ten thou-sand men. Gen Loring commanded the rebel left-counting the river as the rebel front-from Vicksburg to Grand Gulf. On hearing that Grant was marching on Port Gibson, Boven's division of Loring's corps were sent to reinforce the garrison at that point and Grand Cruif. Mr. Colburn in company with the other correspondents, left Vicksburg on the 7th, and on the th passed Joe Johnston at Meridian, at the head of six thousand troops, on his way to re-inforce Pemberton, and Mr. Colburn heard it stated that fifteen hundred more were on the way. These troops, instead of being drawn from Bragg's army, were taken from Mobile Savannah, and other points of not so much importance. Nota single soldier from Bragg's army was passed. From Meridian the correspondents were harried on to Richmond, where they were confined in Libby prison until released on Saturday last.

on Saturday last. LCYALTY OF BALTIMOREANS .- Both branches of the Baltimore city councils have adopted resolutions sustaining the arrest and sentence of Vallandigham. Mayor Chapman is directed to transmit copies of the resolutions to the President and Gen. Burnside,
